One of the advantages of having our newsletter in a PDF format is that I can imbed links. OK, let me explain. When I tell you about a website, you don't have to type in the name in your browser, you just click on the link and it takes you straight to the website. The site I will link to first is a national organization that has a major convention and hunt once a year at Myrtle Beach. There aren't many national hunts any more. Terry and I went to the last "Great American Shoot Out" at Daytona Beach a couple of years ago and had a great time. Here is the website <http://fmdac2.org/> They have a registration flyer on their front page. This is a somewhat helpful site if you are thinking about getting a new detector: <http://metaldetectorreviews.net/> Just remember that the best detector in the world is the one you own and are used to! Here is a site with the top 50 metal detecting sites (in their opinion) listed: <http://metaldetecting.toplisted.net/> If you would like to see more links in upcoming newsletters, let me know.

Code of Ethics

- Cover and fill your holes!
- Get permission!
- Carry out the trash!
- Leave the site better than you found it!
- Promote the hobby to anyone who looks interested in what you are doing
