To finish out the year I'm going to do a couple of collums on websites that might be of interest to you. The first one is a monthly newsletter that covers the hobby of metal detecting from all aspects. There is timely world wide news on the topics of metal detecting, archeology, meteoritic finds, and Jew-elry returns. Here is the link for the November newsletter

The same group operates a web site. There is a place to download a permis-sion letter form, another button will help you find metal detecting and gold prospecting clubs all over the US. There are links to articles about metal de-ctecting, articles and videos on "how to," and too much more to list here.
